

CAREER PATH STEPS

Name:

Class:

Date:

Career: Quality Engineer Assistant

TA Champion:

School:

Goal: *Determine whether this career fits my interests and skills.*

Use Your Resources:

1. What skills are important for a quality engineer assistant?

Day-in-the-Life Video:

2. What does Sara particularly like about her career given her initial career interest?
3. Sara says that her goal was to help people and make a difference in the world. How is she doing that in her job?
4. Where does Sara work? What do you notice about her workplace?
5. What are some of the activities that Sara is involved in as she works at her company?
6. Sara thought that robots would steal her job, but she quickly learned otherwise. What changed her mind?
7. What personal difficulty did Sara face during her career? How did her company help her through that challenge?

8. What does Sara mention that she is pursuing while she works to help her advance in her career?

Personal Reflection:

9. Do you think the quality engineer assistant role would be a good place to start a career in a company?
Why or why not?

10. Do you think the quality engineer assistant role exists at many other companies? Why? And what do you think about the future of career opportunities in this field?

11. How is your personal situation similar to or different from Sara's?

12. What parts of being a quality engineer assistant might be challenging for you? What might be interesting?
